STARS OF LIGHT

2021/22

The finest and most intriguing designs showcase all the stunning beauty of light.

Precious materials combine in flawless designs: sparkling, shimmering, elegant and subtle, always creating perfectly stylish harmony.

The cool and exciting features of industrial design this year tend towards minimalistic, elegant shapes to suit a sustainable home in harmony with nature, while elegant crystals and high-quality textiles add sparkling, multifaceted brilliance.

The overall effect is an exclusive ambience for your living space, guaranteed to impress on every occasion.

Die edelsten und faszinierendsten Designs zeigen hier die ganze Schönheit des Lichts.

Kostbare Materialien vereint in formvollendetem Design: funkelnd, schimmernd, elegant und subtil, immer passend zum jeweiligen Stil und perfekt abgestimmt in der Gestaltung.

Spannende Kühnheit im Industrial Design trifft dieses Jahr auf minimalistische, dezente Formgebung für nachhaltige Wohnkultur im Einklang mit der Natur, während elegante Glaskristalle in allen Facetten funkeln und hochwertiges Textil nobel erstrahlt.

So wird Ihr Wohnraum zum exklusiven Ambiente, das bei jeder Gelegenheit beeindruckt.

Les designs les plus élégants et les plus fascinants révèlent ici toute la beauté de la lumière.

Des matériaux précieux alliés à un design accompli : pour un résultat étincelant, brillant, élégant et subtil, toujours adapté au style et en harmonie parfaite avec l'aménagement intérieur.

Cette année, la froideur captivante du design industriel s'associe à des formes délicates et minimalistes, pour un art de vivre durable en communion avec la nature, alors que des cristaux de verre élégants reluisent de toutes leurs facettes et confèrent aux textiles de qualité supérieure un brillant encore plus noble.

C'est ainsi que vous créez une magnifique ambience dans votre espace intérieur, qui impressionne en toute occasion.

Glamour Effects

The luminaire creates a nice warm white light. It is dimmable and also has a night light function. By switching on the outer ring and the spots separately, you have the choice between direct and indirect lighting. If only the spots are switched on, the crystals ave a pretty light effect.

Die Leuchte erzeugt ein schönes warmweißes Licht. Sie ist dimmbar und verfügt auch über eine Nachtlichtfunktion. Durch separates Einschalten des Außenrings und der Spots hat man die Wahl zwischen einer direkten und indirekten Beleuchtung. Wenn nur die Spots eingeschaltet sind kommen die Kristalle besonders gut zur Geltung.

La lampe crée une belle lumière blanche chaude. Il est dimmable et dispose également d'une fonction de veilleuse. En allumant séparément la bague extérieure et les projecteurs, vous pouvez choisir entre un éclairage direct et indirect. Si seuls les points sont éclairagés, les cristaux particulièrement bien mise en valeur.
